**ROSEWOOD HOTELS & RESORTS SELECTS INFOGENESIS® POS FOR ITS FIVE-STAR TUSCAN RESORT—CASTIGLION DEL BOSCO**

Rosewood Castiglion del Bosco resort in Montalcino, Italy selected the company’s InfoGenesis® POS as their point-of-sale solution to provide the five-star Tuscan resort with faster quality service and streamline the food and beverage process for an enhanced guest experience.

As one of Italy’s top resorts, Rosewood Castiglion del Bosco prides itself on its impeccable service, attention to detail, and five-star luxury standards. As such, the resort required a highly capable and dependable point-of-sale solution designed to meet guest service needs and augment staff productivity.

To support their mission to deliver world-class guest service, Rosewood Castiglion del Bosco needed the best POS in the industry. With its versatility and functionality, InfoGenesis POS will enable food and beverage operations at the property to function with the topmost efficiency, help deliver un-matched service throughout the guest journey and improve processes.

One of the oldest and best-preserved estates in Tuscany, Rosewood Castiglion del Bosco is located in Montalcino, Tuscany, in the heart of the UNESCO World Heritage Site of Val d’Orcia. The picturesque property boasts 23 suites and 11 luxury villas, two restaurants, a cooking school and kitchen garden as well as a spa, while the broader estate features a renowned winery and vineyards and the only private golf course of Italy.

“ The technology and business requirements at our luxury resort evolve and expand every year. As we began our search for a new fully-featured POS system that could not only provide seamless operations today but could also evolve along with us, it became clear that InfoGenesis would fulfil our needs. At Rosewood Castiglion del Bosco, we needed a new solution able to support the high service level standards we offer our guests. We received excellent feedback about InfoGenesis POS and were impressed with Agilysys’ latest generation hardware, customizable features and interface capabilities with our existing PMS solution. ”
